

SB-FIX

Single bar In Wall fixing Kit

If planning to heat our single bar towel rails you will additionally need to purchase the following items:

CODE	PRODUCT	CAPACITY
SB-FIX	Single bar In Wall fixing Kit	One bar will take up to 4 rails
TTR300	110 watt Transformer	One transformer will take up to 4 rails

The benefits

- ✓ Our kits come with threaded tubes instead of mounting brackets
- ✓ Time saving in installation – no more measuring spacings
- ✓ Flexibility of spacings:

Option 1: 2, 3 or 4 rails at 200mm intervals (centre to centre)

Option 2: 2, 3 or 4 rails at 250mm intervals (centre to centre)

Option 3: 2 + 2 rails at 200mm intervals with a 400mm gap (centre to centre)

Note: If more than 4 towel rails are being installed you will require a second fixing bracket and transformer.
